Wrens	EYFS	Children in EYFS will listen to input for the Y1 lessons and be given the option of joining in. They will also be offered art, craft and design activities most days. At some times these may be free choice to allow expression and development of personal imagination and creativity. At others, these may be more directed, through provision of tools, media and stimulus, in addition to conversations with an adult to enhance use of vocabulary and deepen understanding. A variety of activities are available for the class teacher to choose from in order to best match child interest and in class topics and discussions, but as such, fall under seven key questions* to enhance a broad foundation of art skills, knowledge and creativity from the child's first days at All Saints.
